

## Maths and Numeracy

GCSE Mathematics and Numeracy teaches and assesses mathematics that learners will use in everyday life, the world of work, and other general curriculum areas. GCSE Mathematics furnishes learners with the skills needed for further progression to scientific, technical, or further mathematical study.

There are three examinations, available at higher tier (graded A\*-D) and foundation (graded C-G). Questions will be based around personal, real-world contexts and mathematical contexts, in addition to context-free questions.

### GCSE Mathematics and Numeracy Overview

Units	Content/Assessment Type	Weight
Unit 1: Financial Mathematics & Other Applications of Numeracy	<ul style="list-style-type: none"><li>Higher - 1 hour 45 min written exam.</li><li>Foundation - 1 hour 30 min written examination.</li></ul>	30%
Unit 2: Non-calculator	<ul style="list-style-type: none"><li>Higher - 1 hour 45 min written exam.</li><li>Foundation - 1 hour 30 min written exam.</li></ul>	30%
Unit 3: Calculator-allowed	<ul style="list-style-type: none"><li>Higher - 2 hour written exam.</li><li>Foundation - 1 hour 45 min written exam.</li></ul>	40%
